

## Comparing Decimals (A)

Compare each pair of decimals using a  $<$ ,  $>$ , or  $=$  sign.

$7,419 \square 1,42$

$2,577 \square 2,577$

$3,099 \square 9,399$

$2,363 \square 2,363$

$9,972 \square 4,499$

$2,513 \square 4,012$

$2,351 \square 9,338$

$2,098 \square 3,756$

$4,231 \square 4,231$

$7,394 \square 5,225$

$9,959 \square 5,549$

$8,476 \square 8,806$

$7,568 \square 1,169$

$6,098 \square 3,213$

$9,402 \square 9,402$

$4,914 \square 9,116$

$5,888 \square 6,191$

$8,361 \square 7,378$

$9,514 \square 2,295$

$6,397 \square 8,004$

$8,27 \square 8,27$

$6,236 \square 5,484$

$1,027 \square 8,851$

$6,368 \square 4,551$

$4,817 \square 5,555$

$1,262 \square 1,429$

$3,176 \square 7,435$

$3,486 \square 3,486$

$5,714 \square 7,689$

$3,347 \square 3,913$
