

# Algebra Rectangles (H)

Name: \_\_\_\_\_

Date: \_\_\_\_\_

Score: \_\_\_\_\_

Determine the Value of  $x$ , Length, Width and Area for each rectangle.

Perimeter:            yd  
 Value of  $x$ :        yd  
 Length:              yd  
 Width:                yd  
 Area:                  $\text{yd}^2$

Perimeter:            m  
 Value of  $x$ :        m  
 Length:              m  
 Width:                m  
 Area:                  $\text{m}^2$

Perimeter:            nm  
 Value of  $x$ :        nm  
 Length:              nm  
 Width:                nm  
 Area:                  $\text{nm}^2$

Perimeter:            mi  
 Value of  $x$ :        mi  
 Length:              mi  
 Width:                mi  
 Area:                  $\text{mi}^2$

Perimeter:            cm  
 Value of  $x$ :        cm  
 Length:              cm  
 Width:                cm  
 Area:                  $\text{cm}^2$
