

Dividing Money (F)

Calculate each quotient.

1. $61 \overline{) \$5734.00}$

2. $98 \overline{) \$7889.00}$

3. $35 \overline{) \$910.00}$

4. $56 \overline{) \$1064.00}$

5. $23 \overline{) \$908.50}$

6. $37 \overline{) \$3385.50}$

7. $50 \overline{) \$3950.00}$

8. $24 \overline{) \$708.00}$

9. $23 \overline{) \$1092.50}$

10. If 57 identical figurines cost \$3733.50, how much did each figurine cost?
