

Multiplying by 3 (J)

Name: _____

Date: _____

Score: _____

Calculate each product.

$4 \times 3 = \square$

$3 \times 3 = \square$

$7 \times 3 = \square$

$5 \times 3 = \square$

$8 \times 3 = \square$

$4 \times 3 = \square$

$3 \times 3 = \square$

$7 \times 3 = \square$

$9 \times 3 = \square$

$5 \times 3 = \square$

$8 \times 3 = \square$

$3 \times 3 = \square$

$6 \times 3 = \square$

$10 \times 3 = \square$

$1 \times 3 = \square$

$4 \times 3 = \square$

$2 \times 3 = \square$

$1 \times 3 = \square$

$4 \times 3 = \square$

$10 \times 3 = \square$

$7 \times 3 = \square$

$5 \times 3 = \square$

$9 \times 3 = \square$

$5 \times 3 = \square$

$1 \times 3 = \square$

$4 \times 3 = \square$

$10 \times 3 = \square$

$10 \times 3 = \square$

$3 \times 3 = \square$

$8 \times 3 = \square$

$6 \times 3 = \square$

$2 \times 3 = \square$

$5 \times 3 = \square$

$9 \times 3 = \square$

$2 \times 3 = \square$

$6 \times 3 = \square$

$10 \times 3 = \square$

$1 \times 3 = \square$

$5 \times 3 = \square$

$8 \times 3 = \square$

$6 \times 3 = \square$

$10 \times 3 = \square$

$8 \times 3 = \square$

$3 \times 3 = \square$

$3 \times 3 = \square$

$6 \times 3 = \square$

$7 \times 3 = \square$

$9 \times 3 = \square$

$9 \times 3 = \square$

$2 \times 3 = \square$

$1 \times 3 = \square$

$4 \times 3 = \square$

$1 \times 3 = \square$

$7 \times 3 = \square$

$10 \times 3 = \square$

$1 \times 3 = \square$

$8 \times 3 = \square$

$3 \times 3 = \square$

$2 \times 3 = \square$

$7 \times 3 = \square$

$10 \times 3 = \square$

$3 \times 3 = \square$

$6 \times 3 = \square$

$9 \times 3 = \square$

$4 \times 3 = \square$

$9 \times 3 = \square$

$4 \times 3 = \square$

$2 \times 3 = \square$

$2 \times 3 = \square$

$10 \times 3 = \square$

$5 \times 3 = \square$

$6 \times 3 = \square$

$5 \times 3 = \square$

$2 \times 3 = \square$

$9 \times 3 = \square$

$3 \times 3 = \square$

$7 \times 3 = \square$

$5 \times 3 = \square$

$3 \times 3 = \square$

$7 \times 3 = \square$

$8 \times 3 = \square$
