

Greatest Common Factor (J)

Name: _____

Date: _____

List the factors of each number in each set and determine the greatest common factor.

Example. 272: (1), (2), (4), 8, 16, 17, 34, 68, 136, 272

236: (1), (2), (4), 59, 118, 236

GCF = 4

a) 16

4

b) 392

216

c) 297

363

d) 119

238

e) 140

180
