

# Order of Operations (G)

Name: \_\_\_\_\_

Date: \_\_\_\_\_

Simplify each expression using the correct order of operations.

$$(((−5) − (−4)) × ((−8) + (−10))) ÷ (−2) + 7 − 8$$

$$((−3) × (−8)) ÷ (−4) + 8 − 5 + (−10) − (−6)$$

$$(3 + (−5)) × (−9) ÷ 9 − (−4) + 2 − (−8)$$
